Sheinwold on Bridge

Euclidean Axiom

By ALFRED SHEINWOLD and FRANK STEWART

Today's declarer led a heart to the ace to try the club finesse. East won and returned a trump. Declarer cashed the ace of clubs and the king of hearts and gave up a heart, hoping for a 3-3 break, but West won and led a third trump. Now South could win only nine tricks. "It was a fine contract, master," South said worshipfully. (North was Euclid, the leading mathematician of the day.) "The club finesse was a 50 percent chance, and the possible 3-3 break in hearts adds 18 percent. There were also chances for a defensive error. Twenty-three hundred years from now they'll say those chances don't compute."

GREATEST CHANCE "They'll also say 100 percent is greater than any other chance," Euclid said magisterially. You don't have to be Euclid to see that South starts with five trumps and four top cards in the side suits. He is almost 100 percent sure of a tenth trick if he leads the ace and queen of clubs after taking the first trump. He wins the trump return, gets to his hand with the ace of hearts and ruffs a club. Q.E.D.

DAILY QUESTION You hold: ♠ J 10 9 8 4 ♥ A 6 3 ♦ 3 ♣ 6 3 2. Dealer, at your left, bids one heart, your partner doubles,

and the next player bids three hearts. What do you say? ANSWER: Bid three spades if you can trust your partner to hold spade support and at least the value of an opening bid for his double. The raise to three hearts promises only four hearts and a very weak hand. Don't let the opponents steal from you.

NORTH ♠ AKQ ♥ K 9 5 2 ♦ A 8 6 2 ♣ A Q WEST ♠ 7 5 2 ♥ Q J 10 8 4 ♦ K 9 4 ♣ J 9 5 EAST ♠ 6 3 ♥ J 7 ♦ Q J 10 5 ♣ K 10 8 7 4 SOUTH ♠ J 10 9 8 4 ♥ A 6 3 ♦ 7 3 ♣ 6 3 2

North East South West 2NT Pass 3♣ Pass 4♣ Pass 4♣ All Pass Opening lead — ♦ 2
